

Statement Number Descriptions

Number	Description
# 1	Regular Statement
# 2	No aging prints in footer – only company info. Any messages that print in footer are moved up the page.
# 3	Blue Cow pre-printed form.
# 4	Like Statement # 1 but prints the budget information differently.
# 6	Like Statement # 1 but designed for a pre-printed form.
# 7	Like Statement # 1 but prints all transactions since the customer's last statement date.
# 8	Designed for a pre-printed form.
# 9	Prints all transactions since the last statement date. Prints the 'Account Number' & 'Amount Enclosed' boxes side by side & prints budget info in two places. Does not print the cash discount message if the customer is on a special pricing plan & does not print \$0.00 service transactions.
# 10	Like Statement # 1 but does not print the budget amount due if it's a negative amount; instead it will print \$0.00.
# 11	Like Statement # 9 where the 'Account Number' box & 'Amount Enclosed' box print side by side, with budget info printing in two places. Also like # 9 it doesn't print the cash discount message if the customer is on a special pricing plan. Also, if the customer only owes a portion of their budget payment, this statement will ask them to send in their regular budget payment amount.
# 12	Marketline Statement – designed for pre-printed form.

# 13	Same as Statement # 10 but designed for pre-printed form.
# 14	Like Statement # 1 but for budget/auto charge credit card customers it prints 'Charged To Your Card' instead of 'Total Due This Month' and the amount DOES NOT include their Non-Budget Balance.
# 15	Same as Statement # 1 but with .75 left and right margins.
# 16	Like Statement # 10 but prints transactions based on their Accounting Period Date instead of their Transaction Date.
# 17	Like Statement # 4 in how it prints the budget information but is designed for companies that use the Lockbox interface.
# 21	Like Statement # 1 but prints transactions based on their Accounting Period Date instead of their Transaction Date.
# 104	Prints regular statements from the Print Statements screen for Open Item customers.
# 106	Same as # 104 but prints the YTD Budget gallons remaining on it.

Statement Style Descriptions

Style	Description
Style 1	Regular company heading prints.
Style 2	No company heading prints – used for pre-printed letterhead forms.
